OMB made minor changes to HEC QFRs. Are you OK with them? (see attached) OPP is ok w/ them.

they are minor and don't change the response substantively.

Subject: By noon tomorrow: Review OMB comment on chlorpyrifos question
Importance: High

Avivah and Derek,

Hope your Thursdays are going well.

Earlier this afternoon, we heard back from OMB with interagency comments on our Questions for the Record from the House Energy & Commerce drinking water hearing last month.

OMB suggested some edits to the two chlorpyrifos responses, and I wanted to make sure OMB's edits worked for OCSPP and OGC. **Can you take a look at what's attached and let me know if you have any concerns with OMB's edits by noon tomorrow (Friday)?**

(Attached are just the chlorpyrifos question with OMB's edits, in Track Changes.)

Thanks,
Matt
